Honourable and Dear Sir:

Re: Licensing of Cannabis Operations – Previously Operating Illegally

Please be advised the Municipal Council of the Town of Fort Erie at its meeting of June 21, 2021 passed the following resolution:

Whereas there have been a number of illegal cannabis grow operations within the Town of Fort Erie, and

Whereas these illegal cannabis operations take significant municipal and regional manpower to control, and pose a significant threat to nearby communities, and

Whereas monetary fines and penalties do not restrict cannabis growers from future illegal cannabis activities on the lands, and do not appear to be enough of a deterrent, and

Whereas operating an illegal cannabis grow operation does not restrict the owners from applying for a legal licence to Health Canada through another responsible person, and

Whereas the licensed operators for the grow facilities may be producing for owners or owners within a corporation previously convicted of an offence;

Now therefore be it resolved,

That: The Federal Government look at prohibiting the ability to obtain a licence to grow cannabis if any of the owners including those owners within a corporation have ever been convicted of operating an illegal cannabis operation, and further

That: The Federal Government look at restricting lands previously operated for illegal cannabis use from obtaining a licence for a period of 5 years from the date of the offence, and further

.../2

That: The Federal Government require that before submitting an application to the Minister for a licence for cultivation, a licence for processing or a licence for sale that authorizes the possession of cannabis, the person that intends to submit the application must first obtain a letter of compliance from the following authorities in the area in which the site referred to in the application is located:

- (a) the local government;
- (b) the local fire authority; and
- (c) the local police force or the Royal Canadian Mounted Police detachment that is responsible for providing policing services to that area, and further

That: A copy of this resolution be circulated to The Right Honourable Justin Trudeau, The Minister of Health Patty Hajdu, All members of Parliament, All municipalities, Niagara Regional Police, Royal Canadian Mounted Police and the Federation of Municipalities of Ontario for their support.

Subject: Response from the Public Health Agency of Canada

Dear Mr. Eckenswiller:

I am writing in response to your correspondence of May 21, 2021, addressed to the Honourable Patty Hajdu, Minister of Health, in support of a national three-digit suicide prevention hotline. Minister Hajdu has asked me to reply on her behalf.

I commend you and your colleagues from the Council of the Corporation for the City of Owen Sound, for your efforts to prioritize the implementation of a national three-digit suicide prevention hotline in Canada. The Government of Canada recognizes the impact suicide has on families and communities, and acknowledges the critical importance of people in crisis needing immediate access to suicide prevention support and resources.

The Public Health Agency of Canada is investing \$21 million over 5 years in the Centre for Addiction and Mental Health, which is working in partnership with the Canadian Mental Health Association and Crisis Services Canada to implement and sustain a pan-Canadian suicide prevention service. The [Canada Suicide Prevention Service](#) currently provides people across Canada with suicide prevention crisis support from trained responders via phone (24/7) and text (evenings only). When fully implemented in March 2023, people will have access to 24/7/365 crisis support, in English and French, using the technology of their choice: voice, text or online chat. This includes immediate access to information and resources such as emergency services, referrals, safety plans, and bereavement support.

As demonstrated by the House of Commons' passage of a motion by unanimous consent to establish a national suicide prevention hotline that is accessible to all Canadians, there is great interest in exploring the implementation of a three-digit number in Canada.

As a first step, there is a need to gain a better understanding of the regulatory, technological and resource implications in the Canadian context. The Canadian Radio-television and Telecommunications Commission (CRTC) is responsible for numbering administration in Canada which includes establishing any three-digit abbreviated codes. On June 3, 2021, the CRTC launched a regulatory proceeding to consult on a proposed three-digit number, which will build a fulsome public record in an open and transparent manner.

This consultation could identify potential obstacles and how they could be overcome. It may also determine whether to assign a three-digit number to access mental health crisis/suicide prevention services in Canada.

As highlighted in Budget 2021, the federal government is supportive of these efforts including ensuring funds are available to support the creation of this line.

Thank you for writing and for your attention to this important matter.

Sincerely,

Mayor and Councillors of the City of Owen Sound,

Thank you for responding favourably to my request to pass a resolution to support our 988-suicide prevention hotline initiative.

My colleague MP Doherty, has spearheaded this initiative in the House of Commons, and I was honoured to reach out across the riding to aid in his efforts, to ask for your help and to gain further support for this very important initiative.

As you know, this past year has been challenging for so many across the country and in our communities. We have seen the rates of suicide continue to rise, and it is incredibly important that we all join together to support bringing a national three-digit suicide prevention hotline to Canada.

I wanted to personally say thank you for passing a resolution backing our initiative, and for supporting my colleagues and I in our efforts to ensure that Canada has an easy to remember three-digit hotline accessible to all Canadians for suicide prevention.

Thank you again for partnering with me on this important initiative.

Sincerely,

RE: Road Management Action On Invasive Phragmites

WHEREAS *Phragmites australis* (*Phragmites*) is an invasive perennial grass that continues to cause severe damage to wetlands and beaches in areas around the Great Lakes including Georgian Bay; and

WHEREAS *Phragmites australis* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is an allelopathic plant that secretes toxins from its roots into the soil which impede the growth of neighboring plant species; and

WHEREAS *Phragmites australis* results in loss of biodiversity and species richness, loss of habitat, changes in hydrology due to its high metabolic rate, changes in nutrient cycling as it is slow to decompose, an increased fire hazard due to the combustibility of its dead stalks, and can have an adverse impact on agriculture, particularly in drainage ditches; and

WHEREAS invasive *Phragmites* has been identified as Canada's worst invasive plant species by Agriculture and AgriFood Canada; and

WHEREAS the Ontario government has made it illegal to import, deposit, release, breed/grow, buy, sell, lease or trade invasive *Phragmites* under the Invasive Species Act; and

WHEREAS *Phragmites* occupy over 4,800 hectares of land around Lake St. Clair alone, while 212 hectares of *Phragmites* occupy land along the St. Lawrence River. The Georgian Bay Area is particularly affected by *Phragmites australis*, with more than 700 stands along the shorelines and multiple visible stands on the highways and roads that threaten valuable infrastructure and wetland areas; and

WHEREAS volunteers, non-governmental organizations, and various municipalities have invested tens of thousands of dollars in investments and labour annually for more than eight years in executing managements plans to control invasive *Phragmites* on roads, coasts, shorelines and in wetlands; and

WHEREAS roads and highways where *Phragmites* that are left untreated become spread vectors that continually risk new and treated wetlands and coastal shoreline areas; and

WHEREAS according to “Smart Practices for the Control of Invasive Phragmites along Ontario’s Roads” by the Ontario Phragmites Working Group, best road management practices for Phragmites australis include early detection, herbicide application, and cutting; and

WHEREAS these best management practices are most effective when used in a multi-pronged approach as opposed to when used as stand-alone control measures; and

WHEREAS mother nature does not recognize political boundaries. Therefore, it is imperative that Municipalities, Districts, the Province, and the Federal government work together in collaboration to eradicate Canada’s worst invasive plant species Phragmites australis;

NOW THEREFORE BE IT RESOLVED that Council for the Corporation of the Township of The Archipelago directs its staff to implement best management practices to promote early detection of invasive Phragmites, and to implement best management practices for invasive Phragmites, and to join the Ontario Phragmites Working Group to collaborate on the eradication of Phragmites in Ontario.

BE IT FURTHER RESOLVED that Council for the Corporation of the Township of The Archipelago directs staff to insert clean equipment protocols into tenders and that there is oversight that the protocols are followed; and

BE IT FURTHER RESOLVED that Council for the Corporation of the Township of The Archipelago requests the Ontario Ministry of Transportation to map and treat invasive Phragmites annually on all its highways; and

BE IT FURTHER RESOLVED that the Ontario Ministry of Transportation (MTO) communicates the strategy on mapping (detecting sites) and controlling invasive Phragmites on provincial highways, the specific highway management plans and results by each MTO region and each highway in the region and work in coordination with the Township of The Archipelago; and

BE IT FURTHER RESOLVED that Council for the Corporation of the Township of The Archipelago directs its staff to send this resolution to all municipalities that are part of the Georgian Bay watershed, to all municipalities in the Great Lakes watershed, to the Minister of Transportation, Christopher Balasa the Manager, Maintenance Management Office, and MPP Norman Miller.

BE IT FINALLY RESOLVED that Council for the Corporation of the Township of The Archipelago requests all levels of government to consider funding support to aid the Township of The Archipelago in managing invasive phragmites; and directs staff to send a copy of this resolution to the Ontario Minister of Environment, Conservation and Parks and the Minister of Environment and Climate Change Canada.

RE: Bill 228 - Banning unencapsulated Polystyrene Foam

WHEREAS unencapsulated expanded and extruded polystyrene foam (PS foam) is a common and economical product used for dock flotation; and

WHEREAS unencapsulated PS foam, when used as floatation, deteriorates and breaks down through exposure to water, sunlight and chemicals (gasoline, oil & other contaminants), as well as from animals and physical impacts from boats and other debris; and

WHEREAS the environmental impacts associated with the breakdown of unencapsulated PS foam are significant. PS foam is one of the top items of debris found on shorelines, beaches, and surface water around the world. Widespread and global contamination has resulted in PS foam being found in the gut contents of wildlife, including in the Great Lakes - St. Lawrence River Basin. PS foam causes adverse effects to wildlife when ingested. Laboratory experiments show negative impacts of PS foam on feeding behaviour, growth, hepatosomatic index (HSI), and reproduction. Under certain conditions, PS foam leaches known toxics styrene and benzene. Floating particles of PS foam also has aesthetic impacts on shorelines and waterways; and

AND WHEREAS there is no Federal legislation in Canada regulating the use of unencapsulated expanded polystyrene foam (EPS) for docks to date. However, on May 13, 2021, the Province of Ontario passed *Bill 228: Keeping Polystyrene Out of Ontario's Lakes and Rivers Act*, to regulate and control its use for floats; and

NOW THEREFORE BE IT RESOLVED that the Great Lakes and St. Lawrence Cities Initiative (Cities Initiative) recognizes the need for PS foam to be encapsulated when used for flotation; and

BE IT FURTHER RESOLVED that the Cities Initiative and its members call on the Federal Government of Canada (Ministries of Fisheries and the Environment) the Province of Ontario (Ministry of Natural Resources & Forestry, Ministry of Environment, Conservation & Parks), the Province of Quebec, The United States (U.S.) Federal Government, and the U.S. States of New York, Pennsylvania,

Ohio, Indiana, Michigan, Illinois, Wisconsin and Minnesota to work in collaboration with each other to enact laws which:

1. ban unencapsulated polystyrene (PS) products in all new and replacement public and private floating facilities across the Great Lakes Region and the coasts of Canada and the United States;
2. find common standards of defining encapsulation with the goal of zero emissions of PS foam;
3. require the timely transition to approved encapsulated PS products, for all public and private floating facilities currently using unencapsulated PS foam; and
4. require the proper disposal of all unencapsulated expanded polystyrene (EPS) products currently being used for dock flotation.

BE IT FINALLY RESOLVED that Council for the Corporation of the Township of The Archipelago directs its staff to submit this resolution to the Great Lakes St. Lawrence Cities Initiative; and forward this resolution to all municipalities in the Great Lakes watershed and to Federal and Provincial Representatives.

Dear Ms. Gray:

Thank you for your correspondence of June 25, 2021, which was referred by the Office of the Prime Minister, the Right Honourable Justin Trudeau, regarding the taxation of housing.

I can confirm that the Government of Canada is not looking at tax changes on principal residences.

Since the beginning of the COVID-19 pandemic, our focus has been providing Canadians the support they need to continue to make ends meet while staying safe and healthy.

As we gradually and safely restart our economy, we will continue to support Canadians.

Thank you for writing.

Honourable and Dear Sirs:

Re: Capital Gains Tax on Primary Residence

The Municipal Council of the Town of Fort Erie at its meeting of May 31, 2021 passed the following resolution:

Whereas primary residences are currently exempt from a capital gains tax, and

Whereas currently secondary and additional non-primary properties are subject to capital gains, and

Whereas the Federal Government is currently looking into a primary residence capital gains tax as they have recognized that affordable housing has become a serious issue in Canada, and

Whereas smaller communities including the Town of Fort Erie are seeing unprecedented higher selling prices that are outpacing prices in larger cities, and

Whereas many hard-working Canadians who have only a primary residence with no additional non-primary homes count on their home equity as financial aid to apply to upsizing or downsizing their home depending on their personal situation, and

Whereas a change in taxation to primary residences would be a significant financial blow to Canadians and would create an unfair, two-tiered taxation which could lead to depleted savings, inter-generational disparities, disparities among diverse groups such as seniors who may have a significant portion of their savings vested in their primary residence, as well as, reducing the ability of home ownership thereby a further, higher need for rentals, and

Whereas the Federal government could look at other means to slow down the rapidly escalating housing costs to improve housing affordability;

Honourable and Dear Sir:

**Support Resolution from the Council of Fort Erie passed June 21st re:
Licensing of Cannabis Operations – Previously Operating Illegally**

Please be advised the Council of the Municipality of Chatham-Kent at its regular meeting held on June 28, 2021 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Moved by CI Latimer Second by CI Crew

Whereas there have been a number of illegal cannabis grow operations and;

Whereas these illegal cannabis operations take significant municipal and regional manpower to control, and pose a significant threat to nearby communities, and

Whereas monetary fines and penalties do not restrict cannabis growers from future illegal cannabis activities on the lands, and do not appear to be enough of a deterrent, and

Whereas operating an illegal cannabis grow operation does not restrict the owners from applying for a legal licence to Health Canada through another responsible person, and

Whereas the licensed operators for the grow facilities may be producing for owners or owners within a corporation previously convicted of an offence;

Now therefore be it resolved,

That: The Federal Government look at prohibiting the ability to obtain a licence to grow cannabis if any of the owners including those owners within a corporation have ever been convicted of operating an illegal cannabis operation, and further

That: The Federal Government require that before submitting an application to the Minister for a licence for cultivation, a licence for processing or a licence for sale that authorizes the possession of cannabis, the person that intends to submit the application must first obtain a letter of compliance from the following authorities in the area in which the site referred to in the application is located

- (a) the local government;
- (b) the local fire authority; and
- (c) the local police force or the Royal Canadian Mounted Police detachment that is responsible for providing policing services to that area, and further

That: A copy of this resolution be circulated to The Right Honourable Justin Trudeau, The Minister of Health Patty Hajdu, All members of Parliament, All municipalities, Chatham-Kent Police, Royal Canadian Mounted Police and the Federation of Municipalities of Ontario for their support.

Re: Bus Stops on Dead End Roads

Dear Minister:

At the last regular Council meeting of the Township of Scugog held April 26, 2021, the above captioned matter was discussed and I wish to advise that the following resolution was passed:

That Dead-End Road delegations be received: from parents, video, site www.durhamdeadendroadkids.ca and attached correspondence and;

Whereas Dead-End Road kids (cul-de-sacs, private roads) busing being moved from long-time residential to highspeed (some 80km) common stop pickups; percentage of 830,000 Ontario bused students impacted as Student Transportation Services (STS) citing buses shouldn't access private roads, do 3-point-turns, or back up; kids expected to walk 1-2km twice daily (caregivers 4x) in morning dark, on narrow road shoulders, with no "bus stop ahead" warning signage;

Whereas Parents report employment/housing at risk. Must leave work to drop off/pick up children to avoid safety hazards of kids walking on highways unsupervised; secondary school youth reporting education at risk as missing class/affecting grades; children with disabilities not helped like double amputee who needs stop moved 160ft; parents told it's their "responsibility to get kids to bus safely";

Whereas Parents being told busing policy is schoolboard's, but they say it's STS's, who say it's Governance Committee or Ministry of Transportation, but Ministry of Education say it's "transportation consortia who administer policy"; and trustee, governance say cannot change policies, so parents appealing to police, press, & councils re dangers then; oncoming car killed 12-yr-old Cormac and injured sister while waiting at newly relocated bus stop at the base of a hill;

Whereas STS have advised road improvements are responsibility of municipalities, yet municipalities don't own needed land, nor have \$ millions to create 77m bus turnarounds, meanwhile;

Whereas Ontario Transportation Funding is \$1 billion; Jan 27/20 Ministry said they'd improve student transportation, review funding formula; and given STS gets their funding by scoring well in reviews, and given Ministry establishing "Student Transportation Advisory Group" to hear STS sector expertise, experience and ideas;

Now therefore be it resolved that the Municipality of Scugog requests:

THAT exceptions to allow 3-point turns or backing up where necessary, to provide safer service to dead-end and private road kids, that policies be amended to reflect; when not possible;

THAT exceptions to allow indemnification agreements to access private land for bus turnarounds to keep bus stops safer and closer to prescribed 800m distance; when not possible;

THAT "Bus Stop Ahead" warning signage be required to notify oncoming traffic, prior to STS moving common stop to main roadway;

THAT STS be comprised of solutions like mini-buses, vans, taxis, or public transit, worked into funding formula so doesn't negatively impact STS funding stats;

THAT Kid KPI "Key Performance Indicator" be included for Ministry "Effectiveness & Efficiency Follow Up Reviews", establishing benchmarks for responsive-problem-solving for kids & parents' busing concerns, and this be an STS factor to receive funding;

THAT Province provide "Parent Portal" for ongoing busing feedback of their STS, so families and kids can review/provide comments, especially during Ministry STS reviews and revisions to funding;

THAT Province have GPS tracking software to notify parents when children picked up/dropped off, and

THAT this motion be distributed to Premier Doug Ford, Honorable Stephen Lecce (Minister of Education), Honorable Caroline Mulroney (Minister of Transport), Durham MPP Lindsey Park, Haliburton-Kawartha Lakes-Brock MPP Laurie Scott, all Durham MPPs, Durham Region, all Ontario Municipalities, Rural Ontario Municipal Association (ROMA), Ontario Good Roads Association (OGRA), and Association of Municipalities of Ontario (AMO).

1. Background:

In June 2020, Durham Student Transportation Services (DSTS) notified the Township of Scugog that due to changes to their policy school buses would no longer service the following roads:

Road	New Bus Stop Location
Whitfield Road 230 m west of Honeys Beach Road	Indian Way and Whitfield Road
Williams Point Road/ Jack Rabbit Run (Caesarea)	Regional Road 57 and Williams Point Road
Beacock Road	Regional Road 57 and Beacock Road

The changes were the result of Section 7.2 of the DSTS Policy that states:

“Generally, school bus stops will not be located in areas such as cul-de-sacs or dead end streets. DSTS does not enter private property and roads, such as long rural driveways, gated communities and townhouse/apartment complexes.

DSTS reserves the right to determine if the roadway is suitable for travel, given road conditions and necessary space requirements factoring in turning radius of large school vehicles.”

Township staff and an adjacent property owner were successful in providing a solution to allow for ongoing use of the existing bus stop on Whitfield Road located 230 m west of Honeys Beach Road. There is currently a small loop on private property where school buses are able to safely turnaround. To meet the requirements of DSTS, a Permission to Enter Agreement was signed between the Township and the property owner in August 2020 for use of this turning loop.

However, on both Williams Point Road/ Jack Rabbit Run and Beacock Road, DSTS requires the construction of new turnarounds before they will return school buses to these roads.

2. Discussion:

2.1 Issues on Williams Point Road and Beacock Road

Williams Point Road/ Jack Rabbit Run runs northeast off of Regional Road 57 and is approximately 2.2 km in length. According to DSTS, 29 students on this road are eligible for school transportation. These students attend Port Perry High School, R.H. Cornish Public School and Cartwright Central Public School.

Beacock Road runs west off of Regional Road 57 and is approximately 2 km in length. There are 3 students eligible for school busing on this road that attend Port Perry High School and Cartwright Central Public School .

After receiving letters from DSTS about the changes to the bus routes, many parents on both these roads were upset and requested review of the transportation arrangements in accordance with Section 7.0 of the DSTS policy. The requests were reviewed by the DSTS Governance Committee in a meeting held on October 28, 2020 and changes to the decision were denied.

Many of the parents have expressed concerns about the school bus changes, including:

- The change in policy although bus stops have been in operation for 25+ years;
- The distance that some children will have to walk to the bus stop exceeds the maximum distance of 800 m in the DSTS Policy;
- The safety of children walking these distances on narrow roads that have no sidewalks or streetlights;
- The likelihood of congestion as the result of parents driving their children to the new bus stops, especially in the winter;
- The safety of children waiting for buses on RR 57; and
- The school bus service on the road was part of the decision making process to move to these locations.

2.2 Policy Change Requests

Despite considerable effort from Council, staff and parents, DSTS has held firm that they will not return the school buses to Williams Point Road/ Jack Rabbit Run or Beacock Road unless suitable turnarounds are available.

In an effort to change the DSTS Policy, at the April 26, 2021 Council meeting, Scugog Council passed the following resolution:

***“That** Dead-End Road delegations be received: from parents, video, site www.durhamdeadendroadkids.ca and attached correspondence and;*

***Whereas** Dead-End Road kids (cul-de-sacs, private roads) busing being moved from long-time residential to highspeed (some 80km) common stop pickups; percentage of 830,000 Ontario bused students impacted as Student Transportation Services (STS) citing buses shouldn’t access private roads, do 3-point-turns, or back up; kids expected to walk 1-2km twice daily (caregivers 4x) in morning dark, on narrow road shoulders, with no “bus stop ahead” warning signage;*

***Whereas** Parents report employment/housing at risk. Must leave work to drop off/pick up children to avoid safety hazards of kids walking on highways*

unsupervised; secondary school youth reporting education at risk as missing class/affecting grades; children with disabilities not helped like double amputee who needs stop moved 160ft; parents told it's their "responsibility to get kids to bus safely";

Whereas *Parents being told busing policy is schoolboard's, but they say it's STS's, who say it's Governance Committee or Ministry of Transportation, but Ministry of Education say it's "transportation consortia who administer policy"; and trustee, governance say cannot change policies, so parents appealing to police, press, & councils re dangers then; oncoming car killed 12-yr-old Cormac and injured sister while waiting at newly relocated bus stop at the base of a hill;*

Whereas *STS have advised road improvements are responsibility of municipalities, yet municipalities don't own needed land, nor have \$ millions to create 77m bus turnarounds, meanwhile;*

Whereas *Ontario Transportation Funding is \$1 billion; Jan 27/20 Ministry said they'd improve student transportation, review funding formula; and given STS gets their funding by scoring well in reviews, and given Ministry establishing "Student Transportation Advisory Group" to hear STS sector expertise, experience and ideas;*

Now therefore be it resolved that the Municipality of Scugog requests:

That *exceptions to allow 3-point turns or backing up where necessary, to provide safer service to dead-end and private road kids, that policies be amended to reflect; when not possible;*

That *exceptions to allow indemnification agreements to access private land for bus turnarounds to keep bus stops safer and closer to prescribed 800 m distance; when not possible;*

That *"Bus Stop Ahead" warning signage be required to notify oncoming traffic, prior to STS moving common stop to main roadway;*

That *STS be comprised of solutions like mini-buses, vans, taxis, or public transit, worked into funding formula so doesn't negatively impact STS funding stats;*

That *Kid KPI "Key Performance Indicator" be included for Ministry "Effectiveness & Efficiency Follow Up Reviews", establishing benchmarks for responsive-problem-solving for kids & parents' busing concerns, and this be an STS factor to receive funding;*

That Province provide “Parent Portal” for ongoing busing feedback of their STS, so families and kids can review/provide comments, especially during Ministry STS reviews and revisions to funding;

That Province have GPS tracking software to notify parents when children picked up/dropped off, and

That this motion be distributed to Premier Doug Ford, Honorable Stephen Lecce (Minister of Education), Honorable Caroline Mulroney (Minister of Transport), Durham MPP Lindsey Park, Haliburton-Kawartha Lakes-Brock MPP Laurie Scott, all Durham MPPs, Durham Region, all Ontario Municipalities, Rural Ontario Municipal Association (ROMA), Ontario Good Roads Association (OGRA), and Association of Municipalities of Ontario (AMO).”

To date, the Township has not received a response from any of these parties regarding the requests.

2.3 Turnaround Designs

In order to assist in returning the school buses to Williams Point Road/ Jack Rabbit Run or Beacock Road, Township staff reviewed options to construct turnarounds on these roads.

On Williams Point Road/ Jack Rabbit Run, DSTS requires a turnaround for the largest size (70 passenger) school bus which requires a 24.5 m (80 feet) diameter turnaround. DSTS indicated that a smaller size bus has difficulty making the sharp turn on Williams Point Road and immediately navigating the incline through snow. Further using a smaller bus would not guarantee service along the roadway during winter months.

The Township considered two locations for the turnaround. The first was at the Williams Point Cottagers Association park property and the second was at the corner where Williams Point Road and Jack Rabbit Run meet. The second location was considered preferable as it would not impact parkland and would shorten the walking distance for children on Jack Rabbit Run. In order to determine whether such a turnaround was feasible, the Township retained a consultant to undertake a survey of the area and prepare a preliminary design. The turnaround was able to be designed primarily within lands owned by the Township but will have require permission to enter for land on the southeast corner of the turnaround. As well, the turnaround will require some trees to be removed and a Bell pedestal to be relocated.

On Beacock Road, DSTS indicated that a smaller turnaround of 19 m (62 feet) m diameter turnaround would be sufficient as a smaller bus could be used for this location. The best location was determined to be the west end of Beacock Road and the adjacent landowner has indicated willingness to enter into a Permission to Enter agreement for this turnaround.

Figure 1: Proposed Location of Turnaround for Williams Point Road/ Jack Rabbit Run

Figure 2: Proposed Location of Beacock Road Turnaround

3. Financial Implications:

As the need for the turnarounds were not known at the time the 2021 Capital Budget was prepared, this work is unbudgeted. The total estimated cost for the design and construction are provided below:

Planmac Engineering Inc.	\$15,000
Williams Point Road Turnaround	\$90,000
Beacock Road Turnaround	\$30,000
Contingency	<u>\$15,000</u>
Total Estimated Cost	<u>\$150,000</u>

The estimated construction costs include:

- Clearing and grubbing
- Removal of bitumous surface, earth excavation (to 500 mm depth), grading
- Supply and place 300 mm of Granular 'B'
- Supply and place 150 mm of Granular 'A'
- New 450 mm culverts
- Ditching and removal of material
- Asphalt and line painting for Williams Point Road (50 mm HL8, 30 mm HL3)
- Restoration of driveways and grass areas
- Mobilization/ demobilization
- Traffic control

The turnaround on Williams Point Road will also require relocation of a Bell pedestal. The cost for this relocation is not yet known.

It is recommended that the above costs be funded from the Municipal Projects Reserve.

4. Communication Considerations:

Township staff will notify DSTS, affected residents and the Williams Point Cottagers Association regarding the timing of the works.

Information will also be provided on our website throughout the length of the project to provide the public with a means to keep updated on the progress of the project and to notify of any closures, detours, etc.

5. Conclusion:

At this time the construction of school bus turnarounds on Williams Point Road/ Jack Rabbit Run and Beacock Road appears to be the only solution to have the school buses return to these roads and provide a much needed service for the children on these roads. Township Council and staff will continue to work with the Province of Ontario and the local school boards to change their policies to allow 3-point turns or backing up where necessary, to provide safer service to dead-end and private road children and prevent the need for additional turnarounds to be constructed on Township of Scugog roads.

RESOLUTION 0155-2021
 adopted by the Council of
 The Corporation of the City of Mississauga
 at its meeting on June 30, 2021

0155-2021

Moved by: P. Saito

Seconded by: C. Parrish

WHEREAS The City of Mississauga operates on the Treaty and Traditional Territory of the Mississaugas of the Credit First Nation and Anishinaabe peoples, the Haudenosaunee Confederacy and the Huron-Wendat First Nation. We recognize that these peoples, and their ancestors live and lived on these lands since time immemorial on these lands called Turtle Island. The City of Mississauga is home to many First Nations, Métis and Inuit peoples; and

WHEREAS the residents of the Town, now City, of Mississauga chose for their name an anishinaabemowim name which speaks to the shared settler and Indigenous history within these lands; and

WHEREAS the City of Mississauga has committed to a path towards Reconciliation with Indigenous Peoples and has responded to the Truth and Reconciliation Commission's Calls to Action; and

WHEREAS the City of Mississauga is committed to speaking truths about our history to further our collective understanding of the past to help create a better future; and

WHEREAS the terrible uncovering of over one thousand unmarked and forgotten children burials at residential schools which have been reported over the past month is a truth about Canada's past; and

WHEREAS because of these truths the government of Canada has declared this year's Canada Day should be a time of reflection and focus on reconciliation; and

WHEREAS Gimaa Stacey LaForme of the Mississaugas of the Credit First Nation has called for this to be a time for supporting each other and contemplating the legacy and future of Canada; and

THEREFORE BE IT RESOLVED that the City of Mississauga will mark Canada Day virtually this year in a manner that provides an opportunity for reflection on our shared history and commitment to a better future:

- Singing of National Anthem
- Greetings and Opening Remarks, Mayor Bonnie Crombie
- Comments from Mayor of Kariya, Japan Takeshi Inagaki
- Comments from Gimaa Stacey LaForme
- Oath of Reaffirmation performed by Members of Council
- Closing Remarks, Mayor Bonnie Crombie
- Lighting the Clock Tower orange to remember those lives lost and changed forever as a result of residential schools

- Changing the digital signage at the Square to “As we mark Canada Day, the City of Mississauga stands in solidarity with Indigenous communities across Canada.”

AND FURTHER to mark this Canada Day:

That the Council of the City of Mississauga call upon the Government of Canada to terminate its appeal of the 2019 Human Rights Tribunal Ruling, ordering Ottawa to pay compensation to First Nations Children and their families, separated in a chronically underfunded child welfare system that sees Indigenous children making up more than half the children in foster care even though they comprise only 7% of all the children under the age of 15 in Canada.

AND That this Resolution be sent to all municipalities in Canada.

Attention: Premier Ford

RE: Support for Fire Departments

At the Township of Hudson's Regular Meeting of Council held on Wednesday March 3rd, 2021, the following resolution 2021-049 was put forward and passed:

WHEREAS the role of Ontario's 441 fire departments and their approximate 30,000 full, part-time, and volunteer firefighters is to protect Ontarians and their property; and

WHEREAS according to the Ontario Fire Marshal and Emergency Management's latest data, in Ontario there was over 11,000 number of loss fires, 9,500 no loss fires, 784 injuries, 91 fatalities, and over \$820 million dollars of estimated loss in 2018; and

WHEREAS fire emergencies only make up a portion of the total calls for help received by fire and emergency service departments as they respond to nearly every public emergency, disaster, or 9-1-1 call; and

WHEREAS Ontario's fire department infrastructure deficit continues to grow annually and is almost entirely borne by the municipality and local taxpayers with the majority having populations under 25,000; and

WHEREAS due to antiquated structures and equipment that do not meet current industry standards the safety of the Ontario public and Ontario firefighters is being jeopardized;

NOW THEREFORE the Council of the Corporation of the Township of Hudson resolves as follows:

1. **THAT** the Federal and Provincial Government includes apparatuses, training, equipment and structures for fire departments as eligible categories to any further infrastructure programs which will not only provide immediate stimulus to the local, provincial and federal economies given current economic uncertainty but also ensure the safety of Canadians and dedicated firefighters; and

2. **THAT** this resolution be forwarded to the Honourable Doug Ford Premier of Ontario, the Honourable Steve Clark, Minister of Municipal Affairs and Housing, the Honourable Laurie Scott, Minister of Infrastructure, local MPP, local MP, the Ontario Fire Marshal, Jon Pegg, the Ontario Association of Fire Chiefs, and all Ontario Municipalities.

Please accept this for your consideration and any necessary action.

**Support Resolution from the Council of Rideau Lakes passed May 20th re
Funding for Maintenance and Preservation Repair of Abandoned Cemeteries**

Please be advised the Council of the Municipality of Chatham-Kent at its regular meeting held on June 28, 2021 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Moved by CI Latimer Second by CI Finn

Whereas Municipalities in Ontario have been made responsible for abandoned cemeteries within their boundaries, and are required by the Funeral, Burial and Cremation Services Act, 2002 “to ensure that the cemetery grounds, including all lots, structures, and markers, are maintained to ensure the safety of the public and to preserve the dignity of the cemetery;

And Whereas cemeteries are not only symbols of respect, preserving the memory of families, prominent citizens, and local history; some cemeteries are landmarks in themselves and hold great historical value worldwide;

And Whereas preservation repairs to older cemeteries are very costly, requiring the specialized services of stonemasons and archeologists;

And Whereas the care and maintenance funds of abandoned cemeteries are generally non-existent or so small as to produce insufficient annual interest to cover even the cost of lawn care at the site;

Now Therefore the Council of The Corporation of the Municipality of Chatham-Kent hereby Urges the Government of Ontario to immediately provide funding sources for Municipalities for the ongoing maintenance and preservation repair of abandoned

cemeteries in their care;

And Further that this Resolution be forwarded to the Bereavement Authority of Ontario, the Minister of Government and Consumer Affairs, the Rural Ontario Municipal Association (ROMA), and local MPP.
