Ministry of Agriculture, Food and Rural Affairs
1 Stone Road West
Guelph, ON N1G 4Y2

Dear Minister:

Re: Ontario Wildlife Damage Compensation Program

We are writing to you today on behalf of our municipality regarding the administration fees related to wildlife damage claims. This program is necessary to protect our farm producers from the devastating losses incurred when they lose livestock to predators.

At the June 28, 2022 Regular Council Meeting the attached Resolution was passed by Council.

Our Council's concern is the administration fee paid to municipalities to administer the program on the Ministry's behalf which was recently increased from \$30.00 per claim to \$50.00 per claim.

We have recently contracted for a new Livestock Investigator resulting in the following costs directly related to wildlife claims:

Hourly Rate: \$25.00/hour
Mileage Rate: .50/km

On the most recent invoice for this service there were three wildlife claims with costs as follows:

1. April 28, 2022 – 3 hours + mileage = \$95.00
2. May 5, 2022 – 2.5 hours + mileage = \$75.00
3. May 8, 2022 – 3.5 hours + mileage = \$120.00

There is also time spent by municipal staff in preparing the wildlife claims for submission and monitoring the claims for payment to the livestock owner.

This results in a loss on each wildlife claim for our taxpayers to bear to be able to provide this necessary service to our farm producers.

Ministry of Agriculture, Food and Rural Affairs
Page 2
July 4, 2022

We respectfully request that the Ministry consider increasing the administration fee on wildlife claims to help offset the increasing costs associated with Livestock Investigation.

We look forward to hearing from you about this matter at your earliest convenience.

Dear Mayor Rotering:

On behalf of the entire organization of 170 mayors of the Great Lakes and St. Lawrence Cities Initiative, we wish to extend our sympathies to your community and offer our full support.

What you experienced on Monday in Highland Park is an unspeakable act of gun violence. The senseless loss of life has become too commonplace in North America, and we are deeply saddened that Highland Park has joined the growing list of communities affected by gun violence.

Our communities share a sense of solidarity with Highland Park as residents of the Great Lakes basin. We want to assure you that we are here to lend a hand in this time of need, and to work with you to build safer communities free of gun violence.

On a personal note, we know that what you have experienced over the last few days is an ultimate testament to your service to your community. We are in awe of your composure and leadership in the face of this tragedy.

Please don't hesitate to reach out to me or any of our board members directly if you need anything.

Whereas the Ontario AMBER Alert is a warning system that quickly alerts the public of a suspected abduction of children who are in imminent danger;

Whereas the goal is to broadcast as much information about the child, the abductor and suspect vehicles as quickly as possible so the public can respond with any relevant information that might lead to the child's safe return;

Whereas people are encouraged to share the AMBER Alert with as many people as possible. If a child or vulnerable person is abducted, spreading the information quickly is critical to their safe return;

Whereas an AMBER Alert makes the public aware to keep an eye out for the child, vulnerable person, suspect and the vehicle described in the alert. If they spot them, try to gather as many details as they can, including the specific location where they saw them, the time, the direction they were travelling in and any other identifying details that will help to locate them;

Whereas an AMBER Alert gives citizen's instructions to call 9-1-1 or the phone number included in the alert immediately if they have a tip or a sighting related to an AMBER Alert.

Whereas an AMBER Alert will only be activated if the police have confirmed that an abduction has taken place; and the victim is a child or a person of proven physical or mental disability; and, there is reason to believe the victim is in danger of serious physical injury, and there is information available that, if broadcast to the public, could assist in the safe recovery of the victim.

Whereas it is essential to remember that an AMBER Alert is not always appropriate in every circumstance and that their continued effectiveness depends on ensuring that they are only used in cases that meet the above criteria;

Whereas the recent tragic death of 11-year-old Draven Graham showed that the AMBER Alert system is flawed when it comes to vulnerable children who can go missing but are not abducted;

And whereas it is clear that there needs to be an addition to the alert system to allow for law enforcement to send out an alert for vulnerable children who go missing under circumstances that do not involve an abduction but are at serious risk of injury or death;

Therefore be it resolved that the Council of the City of Mississauga endorse the following;

1. That the Minister of the Solicitor General and the Commissioner of the Ontario Provincial Police, as well as the Premier's Office, be requested to make the necessary changes to the AMBER alert system and create a new alert called the Draven Alert, which will protect vulnerable children who have not been abducted but are at high risk of danger, injury or death and alert the public that they are missing.
2. That this motion be sent to all municipalities across Ontario and the Association of Municipalities Ontario (AMO) for endorsement.

This wording limits Municipal Clerks from providing mailing addresses to candidates who may wish to send out candidate information to the electorate within their municipality and has provided confusion amongst those wishing to interpret this legislation. It is the hope that through this campaign, that the Ministry of Municipal Affairs and Housing will conduct a review of this section of the legislation to provide the clarity being sought and potentially amend the legislation to allow for the release mailing addresses of the electorate in addition to the names provided to Candidates.

Re: Motion from Councillor Liggett – Ontario Must Build it Right the First Time

At the Special Council Meeting of May 31, 2022, the Council of the Corporation of the City of Cambridge passed the following Motion:

WHEREAS the Province of Ontario adopted greenhouse gas reduction targets of 30% by 2030, and emissions from buildings represented 22% of the province's 2017 emissions,

WHEREAS all Waterloo Region municipalities, including the City of Cambridge, adopted greenhouse gas reduction targets of 80% below 2012 levels by 2050 and endorsed in principle a 50% reduction by 2030 interim target with the support of bold and immediate provincial and federal actions,

WHEREAS greenhouse gas emissions from buildings represent 45% of all emissions in Waterloo Region, and an important strategy in the TransformWR community climate action strategy, adopted by all Councils in Waterloo Region, targets new buildings to be net-zero carbon or able to transition to net-zero carbon using region-wide building standards and building capacity and expertise of building operators, property managers, and in the design and construction sector,

WHEREAS the draft National Model Building Code proposes energy performance tiers for new buildings and a pathway to requiring net zero ready construction in new buildings, allowing the building industry, skilled trades, and suppliers to adapt on a predictable and reasonable timeline while encouraging innovation;

WHEREAS the Ministry of Municipal Affairs and Housing consulted on changes for the next edition of the Ontario Building Code (ERO #: 019-4974) that generally aligns with the draft National Model Building Code except it does not propose adopting energy performance tiers, it does not propose timelines for increasing minimum energy performance standards step-by-

step to the highest energy performance tier, and, according to Efficiency Canada and The Atmospheric Fund, it proposes adopting minimum energy performance standards that do not materially improve on the requirements in the current Ontario Building code;

WHEREAS energy efficient buildings provide owners and occupants with lower energy bills, improved building comfort, and resilience from power disruptions that are expected to be more common in a changing climate, tackling both inequality and energy poverty;

WHEREAS the City of Cambridge in partnership with area municipalities and utility companies in the Region of Waterloo are actively exploring developing Green Building Standards;

WHEREAS while expensive retrofits of the current building stock to achieve future net zero requirements could be aligned with end-of-life replacement cycles to be more cost-efficient, new buildings that are not constructed to be net zero ready will require substantial retrofits before end-of-life replacement cycles at significantly more cost, making it more cost-efficient to build it right the first time.

THEREFORE BE IT RESOLVED THAT Council request the Province of Ontario to include in the next edition of the Ontario Building Code tiered energy efficiency standards and a timeframe for when higher tiers would become the minimum energy efficiency requirements in the Code, consistent with the draft Tiered National Model Building Code;

THAT Council request the Province of Ontario to adopt a more ambitious tier of the draft Tiered National Model Building Code as a minimum energy efficiency requirement than the tiers currently proposed for the next edition of the Ontario Building Code;

THAT Council request the Province of Ontario provide authority to municipalities to require increased performance in energy efficiency through the implementation of tiered Green Development Standards;

THAT Council request the Province of Ontario to facilitate capacity, education and training in the implementation of the Tiered National Model Building Code for municipal planning and building inspection staff, developers, and homebuilders to help build capacity; and

AND FURTHER THAT this resolution be provided to the Minister of Municipal Affairs and Housing, to area MPPs, and to all Ontario Municipalities.
