Water Ceremony at the River

A photograph of a river scene. In the foreground, there is a grassy bank covered with fallen brown leaves. Several trees are visible, including a large, moss-covered tree trunk on the right and several thinner trees on the left. The river is in the middle ground, reflecting the sky and the surrounding trees. The water appears calm and slightly murky. In the background, across the river, there is a rocky bank with some dry brush and a small wooden structure. Further back, a road with parked cars and some buildings is visible under a clear sky.

Kids Activities everywhere

A photograph of a wooden bandshell with a shingled roof and a stone pillar with a poster. The bandshell is made of dark wood with a white interior and a metal railing. It is situated in a park-like setting with bare trees in the background and a brick building to the right. A bicycle is parked near the stone pillar, which has a poster attached to it. The poster depicts a landscape with a house and trees.
