Sunday Service Inc.
945 2nd Ave E,
Owen Sound, ON

Since the location is off of the main street, scaffolding and plywood would be set up all around to make a door going in and out, and an outside wall for safety reasons. The cost would be \$2,500.00. We would then take off the old Ledgerrock and old mesh as well as any plywood that needs to be replaced. Cost for this phase would be \$2,500.00.

The next step would be building a frame for the columns to come down 9 ft for the Speakeasy bricks to extend out, that would be \$1,800.00.

The next phase would involve installing the wire mesh and scratch coat. The cost would be \$3,300.00.

The bricks without corners is \$6,100, the corners to go up the three pillars would be \$3,240.00. Any extra corners on the left hand side of the building would be extra. Installation for the bricks would be \$6,000.00.

\$25,440.00
3,307.20 HST
\$28,747.20 Total
